

The Tempest

Directed by John Timewell

Prospero, the true Duke of Milan in now living on an enchanted island with his daughter Miranda, the savage Caliban and Ariel, a spirit of the air. Raising a storm to bring his brother - the usurper of his dukedom - along with his royal entourage, to the island, Prospero plans his revenge.

"Starting in 2008, the Garden Players' productions have become a much-anticipated annual event in the area, so it was with great excitement that I looked forward to their latest performance. While the setting was stunning and a star in itself, the cast really shone."
